

**MEMORANDUM OF AGREEMENT
BETWEEN
ROSS AND CAROL NESE COLLEGE OF NURSING
PENN STATE UNIVERSITY, ABINGTON CAMPUS
AND
JERSEY COLLEGE**

The Memorandum of Agreement (MOA) is hereby made and entered into by and between the Ross and Carole Nese College of Nursing, Penn State Abington, and Jersey College, Jenkintown Campus.

PURPOSE

The Ross and Carol Nese College of Nursing (Nese CON), Penn State Abington (Penn State), and Jersey College, Jenkintown Campus (Jersey College) establish this agreement to facilitate the admission of Penn State Abington first-year students who wish to obtain their BSN into the Jersey College associate degree in nursing (ADN) program. This program is known as a 1+2+1-degree program. Graduates of the Jersey College associate degree in nursing (ADN), who successfully maintain a GPA of 2.0 or higher, and have successfully passed the National Council Licensure Examination (for) Registered Nurses (NCLEX-RN) will be reenrolled by Penn State and admitted into the RN to BSN major with advanced standing. Provisional admission may be granted to new graduates who are scheduled to take the NCLEX-RN. Students may begin taking classes before passing the NCLEX but must possess an active and valid RN license to enroll in required nursing clinical courses to complete the program.

PROCEDURES

Counseling, admission, and the transfer of students under the terms of this agreement will be accomplished through the application of the following procedures and policies:

- Jersey College will promptly notify Penn State of any major curriculum modification, such as substantive curriculum revamping of the articulated program, and further agrees that the terms of this agreement will no longer apply to the program unless Penn State provides written approval that the curriculum changes do not alter the intent of this agreement.
- Penn State will likewise promptly notify Jersey College of any substantive curriculum revamping to the articulated program.
- Financial Aid will be processed at the student's school of enrollment.

Interested students will be admitted through the traditional enrollment process and enroll in Penn State Abington as a first-year student. During their first year, students are required to take courses from a prescribed list. (See Appendix A).

Students must express their intent to pursue their BSN through the 1+2+1 program by the end of their first semester at Penn State Abington.

At the end of their first semester, students will also need to apply and be accepted into Jersey College for their associate degree in nursing, (ADN) program. Students may only apply if they have completed a minimum of 12 credits at Penn State Abington. Students also need to have a GPA at Penn State Abington of 2.5 or greater. Students accepted into the 1+2+1 program will have a reserved spot at Jersey College in the cohort following the completion of their 1st year at PSU.

Please see Appendix B for the current Jersey College Entrance Requirements.

Students must receive a 2.0 (C) or higher in English 15 and Math 21 to transfer those course credits into the Jersey College ADN program.

Upon completion of the Jersey College associate degree in nursing (ADN) program and successfully passing the NCLEX-RN, a student will be accepted for re-enrollment into Penn State if the student has maintained a grade point average of 2.0 (4.0 = A). Penn State may require a higher quality point average because of space availability or changes in the nursing program. Such requirements will be promptly communicated to the director of the Jersey College nursing program. The change in grade point average will take effect with those students entering Jersey College in the fall semester after the institution has been notified.

Provisional admission may be granted to new graduates who are scheduled to take the NCLEX-RN. Students may begin taking classes before passing the NCLEX but must possess an active and valid RN license to enroll in required nursing clinical courses to complete the program.

A grade of "C" or better is required for all prescribed nursing courses.

Nese CON recognizes the portfolio assessment policy established by The Pennsylvania State University. The Nese CON recognizes accredited ADN school of nursing coursework in lieu of credit by exam. RN students meeting established criteria may obtain up to 33 credits based on the Portfolio Assessment. All students must earn at least 36 of their last 60 credits at Penn State to receive a degree from Penn State. To receive the portfolio credits, students must possess a current and valid RN license. A fee will be applied to the student's tuition bill and is payable at the time of the portfolio credits award.

Penn State will accept transfer credits based on the Jersey College courses evaluated for Penn State equivalency. Please see Appendix C for the list of courses and transfer credits accepted.

Once students reenroll at Penn State, they are then able to complete their BSN. Please see Appendix D for the list of the courses needed to complete a BSN at Penn State.

Appendix E shows the full pathway for students to complete the 1+2+1 program.

GENERAL CONDITIONS

The Agreement will be reviewed every five years by Penn State Abington, the Nese CON, and Jersey College. The agreement may not be amended, modified, supplemented, or terminated except by a written instrument signed by Nese CON, Penn State Abington, and Jersey College.

The terms of this agreement shall remain in effect, except as stipulated in certain previous terms listed herein, until terminated by either party. Any party may terminate the agreement, with or without cause, on the provision of 120 days written notice to the other parties. In the event of termination by either party, each party's responsibilities for the education of students described in this Agreement shall continue until all cohorts of students who are officially enrolled at the time of the notice of termination have graduated from both the ADN and BSN phases of the program.

The Agreement represents the entire understanding between the parties, superseding any other prior or contemporaneous oral or written agreements. Any changes, corrections, or additions to this Agreement shall be in writing and signed by an authorized representative of each party.

AGREEMENT SIGNATURES

The Pennsylvania State University Ross and Carol Nese College of Nursing, Penn State Abington, and Jersey College have entered this agreement on the indicated dates and witnessed by the signatures below.

First Year Seminar	1		
Total	16	Total	16 or 17

APPENDIX B

Jersey College Entrance Requirements

To be accepted into the Jersey College (ADN) program students must:

- Complete two semesters totaling 24 credits at Penn State Abington.
- Maintain a GPA of 2.5 or greater.
- Receive a combined score of 165 in reading and mathematics (with a minimum of 80 on the reading section) on the Jersey College Entrance Exam.

Jersey College will waive the entrance exam if you meet one of the criteria listed below:

- Have a GPA of 3.0 after the first 12 credits at Penn State.
- Have an SAT of 990 or higher. Or an ACT of 19 or higher.

Students must receive a 2.0 (C) or higher in English 15 and Math 21 to transfer those course credits into the Jersey College ADN program.

Jersey College will provide a scholarship of 10% of the tuition cost for those students entering the program with at least a 3.0 GPA.

Jersey College guarantees 5 positions each fall for qualified Penn State Abington applicants. Additional students are encouraged to apply for admittance to this program.

APPENDIX C
