

**Articulation Agreement
Between
Penn State Harrisburg
And
Northern Virginia Community College**

I. PURPOSE

This articulation agreement is designed to coordinate transfer policies, enhance advising, and promote the transfer of equivalent courses/credits between Penn State Harrisburg (PSH) and Northern Virginia Community College (NOVA).

II. ELEMENTS OF THE AGREEMENT

A. Admissions Practices

1. Penn State Harrisburg (PSH) will accept an admissions application from any student intending to transfer from NOVA into any baccalaureate degree program at PSH. Transferring NOVA applicants must meet the same admissions criteria as other students applying for transfer to PSH. The application fee will be waived for NOVA students who have completed an Associate degree at NOVA.
2. Students transferring from NOVA to specific PSH programs must meet the same entry-to-major requirements, grade point average (GPA) and other admission criteria, as other native or transfer students applying to PSH programs.
3. Upon completion of an associate degree program at NOVA, a student becomes a candidate for transfer, if the student has maintained a cumulative grade point average of 2.0 or higher (3.0 for all Education majors). Students without an associate degree may transfer to PSH with a minimum of 18 attempted credits, assuming all other transfer admission requirements have been met:
 - a. For the purposes of admission and credit transfer, the student's GPA is determined by a calculation that includes all NOVA, as well as all colleges/universities previously attended, attempted and completed courses. PSH recalculates the GPA using all courses and grades, including all repeated courses.
 - b. Courses with grades of C or higher will be accepted for transfer by Penn State Harrisburg.
 - c. For all Engineering, Business, Math, and Science majors at PSH, the math requirement for admission is the successful completion of trigonometry in high school OR MTH 163, 166, or 271 at NOVA. For all other majors at PSH, the math requirement for admission is college algebra (MTH 151 at NOVA) or two years of algebra and one year of geometry in high school.

B. Acceptance and Application of Credits

1. Upon completion of study at NOVA, students must submit an official transcript to Penn State. Course equivalences will be evaluated consistent with Penn State policies for all advanced standing applicants.
2. NOVA courses at the 100 to 299 level, evaluated as equivalent to Penn State 000 to 299 level courses, will apply to PSH degree requirements in the student's stated major field of study, as outlined on the attached transfer guides. Transferability of courses not specified in the attached guides will be reviewed on a case by case basis by the academic program the student enrolls into at Penn State Harrisburg.
3. Courses/Credits in which grades of C- or lower were earned will not be accepted for transfer to Penn State.
4. PSH will evaluate courses/credits earned through Advanced Placement (AP), College-Level Examination Program (CLEP), or other testing programs according to criteria established by Penn State. PSH also will evaluate courses/credits earned at all previous institutions attended.

5. PSH will evaluate Prior Learning Activity for Credit Evaluation (P.L.A.C.E.) for possible credit.
6. PSH will maintain course equivalency information and make this information readily available to NOVA.
7. Students transferring from NOVA will be required to complete a minimum of 36 of the last 60 semester hours of PSH coursework to be eligible for the PSH degree.

C. Update/Report/Relationship

PSH and NOVA agree to review the agreement and relevant transfer course equivalencies annually and will assign individuals to serve as liaison for the purpose of monitoring this agreement. NOVA will notify PSH upon any modification of curriculum that could impact the articulation of equivalent courses or the requirements of NOVA associate programs.

D. Amendments and Term of Effect

1. The curriculum transfer guides in effect at the time a student first enrolls at NOVA will be honored by PSH if the student completes an AA or AS degree program and successfully transfers to PSH within four years of their first enrollment at NOVA.
2. This agreement may be amended, as needed, for specific program articulation without affecting the currency of the master agreement. All course-by-course transfer guides may be amended as needed.
3. This master agreement will remain in effect until terminated by either party upon written notice to other party of an intention to terminate. Such notice will be effective only if given 180 days prior to the intended date of termination. In the event that this agreement is terminated, the terms of the agreement contained herein will remain in effect for the maximum of two years.

ACCOUNTING

Recommendations/Notes:

1. Students are encouraged to complete the NOVA equivalent of the 8 PSH Entry-to-Major course requirements: ENGL 015 GWS (3) or 030 GWS (3), MATH 110 GQ (4) or 140 GQ (4), ACCTG 211(4), MIS 204(3), STAT 200 GQ (4) or SCM 200 GQ (4), ECON 002 GS (3), ECON 004 GS (3), and BA 241&BA 242 or BA 243 (equivalents listed below).
2. Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
3. Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.
4. Students are required to have completed MTH 163 at NOVA or trigonometry in high school prior to transfer.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

ELECTRICAL ENGINEERING

Recommendations/Notes:

1. Students are encouraged to complete the NOVA equivalent of the PSH Entrance-to-Major requirements: MATH 140 GQ(4), 141 GQ(4), PHYS 211 GN(4) and CHEM 110 GN(3), 111 GN(1).
2. Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
3. Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements.
4. Students are required to have completed MTH 163 at NOVA or trigonometry in high school.

The evaluation of all other prior college work is done on an individual basis by the Office of Enrollment Services at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

ELEMENTARY EDUCATION

Recommendations/Notes:

- Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot counted be towards the completion of a baccalaureate degree.
- Generally students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, however, no credits of US or IL are required since lower division requirements will fulfill both US and IL equivalents.
- Students must complete the PRAXIS I before transferring and have the scores sent directly to the Admissions Office at Penn State Harrisburg.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

Recommendations/Notes:

1. Students are encouraged to complete the NOVA equivalent of the 8 PSH Entry-to-Major course requirements: ENGL 015 GWS (3) or 030 GWS (3), MATH 110 GQ (4) or 140 GQ (4), ACCTG 211(4), MIS 204(3), STAT 200 GQ (4) or SCM 200 GQ (4), ECON 002 GS (3), ECON 004 GS (3), and BA 241&BA 242 or BA 243 (equivalents listed below).
2. Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
3. Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.
4. Students are required to have completed MTH 163 at NOVA or trigonometry in high school prior to transfer.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

MATHEMATICAL SCIENCES

Recommendations/Notes:

- Although not required for transfer, students who graduated from high school in 2001 or later and have not completed two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot counted be towards the completion of a baccalaureate degree.
- Students are encouraged to complete the NOVA equivalent of the PSH Entry-to-Major requirements. For the Secondary Education option this includes: completing, with a grade of "C" or better, MATH 140 and 141, three (3) credits of college-level English literature, and three (3) credits of college-level English composition and maintain a 3.0 cumulative GPA. For students selecting the General option, the NOVA equivalent of the PSH Entry-to-Major requirements includes MATH 140 GQ(4) and MATH 141 GQ(4)
- Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

NURSING

Recommendations/Notes:

1. Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
2. The B.S. Nursing degree is designed for Registered Nurses with either an associate degree or a diploma from a nursing school. Students can have up to 33 previous nursing credits from their basic nursing program evaluated and utilized in this program if they meet criteria established by the School of Nursing. The Program Coordinator can provide details regarding this process.
3. After having completed all other General Education, electives, and major requirements, and assuming the 33 Nursing credits have been granted, the remaining 28 credits may be completed on a part-time basis.
4. Students are required to have completed MTH 151 at NOVA or two years of algebra and one year of geometry in high school.

The evaluation of previous college coursework is done on an individual basis by the School of Nursing at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

Recommendations/Notes:

1. Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
2. Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.
3. Students are required to have completed MTH 151 at NOVA or 2 years of algebra and 1 year of geometry in high school.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

Recommendations/Notes:

- Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot be counted towards the completion of a baccalaureate degree.
- Students are encouraged to complete the NOVA equivalent of the PSH Entry-to-Major requirements with a grade of C or better. For the Science major this includes MATH 140 and at least two of the following courses: BIOL 110, CHEM 110, PHYS 211, or PHYS 250.
- Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.
- Students are required to have completed MTH 163 at NOVA or trigonometry in high school.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.

SECONDARY EDUCATION SOCIAL STUDIES

Recommendations/Notes:

- Although not required for transfer admission, students who graduated from high school in 2001 or later and have not completed the required two high school foreign language units must fulfill this high school requirement by completing one semester of a college level foreign language. This class is considered a high school foreign language requirement and cannot counted be towards the completion of a baccalaureate degree.
- Students are encouraged to complete the NOVA equivalent of the PSH Entry-to-Major requirements. For the Secondary Education Social Studies major, this includes: completing, with a grade of "C" or better, six (6) credits of college-level mathematics or statistics (MATH prefix), three (3) credits of college-level English literature, and three (3) credits of college-level English composition. Students must maintain a 3.0 cumulative GPA.
- Students are strongly advised to complete 3 credits of United States Cultures (US) and 3 credits of International Cultures (IL) within their general education requirements. For this major, only 3 credits of either US or IL are required since an upper division requirement will fulfill either a US or IL equivalent.

The evaluation of all other prior college work is done on an individual basis by the Admissions Office at Penn State Harrisburg. Students should work closely with their academic adviser at NOVA and with Penn State Harrisburg for the most up-to-date information.
