

Memo of Agreement Regarding Articulation
The Pennsylvania State University for University College
and
Westmoreland County Community College

PURPOSE

The Pennsylvania State University, on behalf of the University College and Westmoreland County Community College establish this *Memorandum of Agreement Regarding Articulation* to facilitate the matriculation of students from Westmoreland County Community College to Penn State University Colleges campuses. The purpose of the agreement is to provide a pathway for students who have successfully completed a transfer associate degree program at Westmoreland County Community College to transition to a parallel baccalaureate degree program at the University College campuses with a goal of improving student completion and degree attainment. The agreement defines admission criteria, the academic programs included in the agreement, process for the evaluation of transfer credits and academic advising services to support students in their transition from Westmoreland County Community College to the Penn State University College campuses.

PROCEDURES

A. Admissions Requirements

Westmoreland County Community College students apply to Penn State by submitting the Penn State undergraduate admissions application and official transcripts from Westmoreland County Community College and any other colleges or universities attended. The application fee will be waived.

Students who complete an AA, AFA, AS or AAS transfer degree program included in Appendix A, are in good standing, and have a minimum grade-point average of 2.00 are guaranteed admission to Penn State. Criteria for transfer admission to academic programs may also include successful completion of specific course requirements.

Community College students can request dual admission to a Penn State Commonwealth campus by submitting an *Intent to Enroll Form* during their enrollment at Westmoreland County Community College. Students will receive a conditional offer of admission to a Penn State Commonwealth Campus. During the last semester of enrollment at the community college, dual admitted students will complete and submit a transfer application via MyPennState. The admissions application fee will be waived. Penn State Commonwealth Campuses will report monthly the names of any students who submit the *Intent to Enroll Form* to the PA Community College transfer advisers.

Students will be asked to notify Penn State of any criminal history prior to enrollment. A prior criminal history issue will not necessarily disqualify a student from attending Penn State but may be subject to further review.

GPA is calculated using the GPA reported by Westmoreland County Community College, in addition to all other institutions where a student has attempted college coursework.

B. Academic Programs

The Penn State baccalaureate programs included in the terms of the agreement are detailed in Appendix A and may be updated by the parties without renewing the memo of agreement.

Programs stated in Addendum A will articulate 60 credits of associate degree courses to be applied to degree requirements in a specific Penn State Commonwealth Campus baccalaureate major. Any exception to articulate fewer than 60 credits toward PSU degree requirements must be approved by academic leadership of the PA Community College and the Penn State Commonwealth Campus.

Program-to-program transfer guides outlining the specific course equivalencies and approved substitutions for each academic program are included in the agreement. The guides were developed in consultation with Westmoreland County Community College and Penn State disciplinary faculty and are included as Addendum B.

Majors not specified in Addendum A, including those offered at other Penn State college and campuses are not covered by the terms of this agreement. Therefore, students admitted under this agreement who seek to enter a major at another Penn State college/campus, would be evaluated based on the advanced standing admissions criteria of that college and campus.

Penn State Evaluation of Transfer Credits

Specific course transferability and equivalency, presented in Addendum B were determined by disciplinary faculty and are communicated through transfer course tables maintained by Penn State's Undergraduate Admissions Office in the student information system.

Westmoreland County Community College courses evaluated as equivalent to Penn State courses or approved as general credit within a discipline, with grades of C (2.0) or higher, will be added to the student's Penn State academic transcript by the Undergraduate Admissions Office.

Transferability of courses not specified in the program-to-program guides will be reviewed by the Undergraduate Admissions Office on a case-by-case basis. Syllabi are required to support all course evaluations.

Courses evaluated as general requirements were reviewed by the Penn State faculty in the discipline of the course and in some cases, were applied as substitutions for specific degree requirements.

The curriculum transfer guides, in effect at the time a student first enrolls at Westmoreland County Community College, will be honored by Penn State if the student completes an AA or AS degree program named in the agreement and successfully transfers to a Penn State University College within four years of their first enrollment at Westmoreland County Community College, i.e., for students admitted in fall 2024 the agreement will be honored until spring 2028.

Courses/credits earned through Advanced Placement (AP), College-Level Examination Program (CLEP), or other testing programs will be evaluated according to Penn State's established criteria.

Credit evaluation for prior learning activity, for example military education experience and credit by portfolio will be assessed according to Penn State policy and through the process established by Penn State University College.

C. Cost of Attendance, Student Aid and Scholarship Eligibility

Penn State participates in all the major federal and state student aid programs. Scholarships are awarded based on merit and/or financial need as defined by the specific scholarship program. Students who submit a Free Application for Federal Student Aid (FAFSA) to Penn State are considered for scholarships awarded by various University awarding units.

PA Community College students who transfer to a Penn State Commonwealth Campus will earn a Penn State degree at considerable savings, paying \$5,000 to \$8,000 less (depending on the campus) in annual, full-time, upper division tuition as compared to Penn State's University Park campus.

Penn State will participate in the RaiseME Transfer Scholarship initiative and will provide grants up to a maximum of \$7,000 to PA Community College students upon transfer who meet the following eligibility requirements:

- Follow Penn State Commonwealth campuses at [RaiseMe](#),
- Enroll and earn micro-scholarships during enrollment at a PA Community College,
- Be a U.S. Citizen or Permanent Resident,
- Maintain a minimum cumulative grade-point average of 2.8; and,
- File the Free Application for Federal Student Aid (FAFSA) annually.

PA Community Colleges will support and promote the RaiseMe Transfer initiative on their campuses.

D. Academic Advising and Transition

Westmoreland County Community College and Penn State University College campuses will work in partnership to develop and implement a plan to strengthen their shared roles in academic advising and transition support services.

Penn State University College campuses and Westmoreland County Community College will make advising materials and course equivalency information available to students via their respective websites.

Penn State University College campuses will be permitted to support the transition of students enrolled at a Community College via outreach initiatives that might include scheduled advising visits at the PA Community College or through invitation to visit the PSU Commonwealth Campus.

Penn State University College campuses will provide a dedicated transfer counselor and offer an academic orientation to transferring students for the purpose of providing academic advising and orientation to academic and technology resources, student life and career services, and financial aid and billing information.

Admissions and Advising staff from Westmoreland County Community College and Penn State University College campuses will meet annually to discuss and enhance student transitions.

E. Update/Report/Relationship

The Pennsylvania State University and Westmoreland County Community College agree to review the agreement and relevant transfer course equivalencies annually and will each assign an individual to serve as liaisons for the purpose of monitoring and updating the agreement. This agreement may be amended, as needed, for a specific course or program articulation without affecting the currency of the master agreement.

As a component of this review process The Pennsylvania State University will include five years of data showing enrollment and completion by community college students at the University to be updated annually.

F. Amendments and Term of Effect

This document constitutes the entire agreement and terms of understanding between The Pennsylvania State University on behalf of Penn State University College campuses and Westmoreland County Community College and supersedes any other prior agreements or understandings between the two parties.

The master agreement will be reviewed annually and revised as necessary. All revisions are to be approved by each institution's official signatories. This Agreement will have a term of one (1) year starting from the last date provided below and will automatically renew for successive one (1) year terms, not to exceed (5) years.

This agreement may be terminated by either party upon written notice to the other party of an intention to terminate. Such notice will be effective only if given one year prior to the intended date of termination.

In the event that this agreement is terminated, curriculum transfer guides, in effect at the time a student first enrolls at Westmoreland County Community College in the AA, AFA, AS, or AAS programs identified in Addendum A will be honored for students who complete an AA or AS degree program and successfully transfers to Penn State University College campuses within four years of their first enrollment at Westmoreland County Community College.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

**In order to be eligible for entrance to the major, the student must submit a proposal. In consultation with an LAS adviser, the student formulates a proposal designing a program that investigates a theme from the viewpoint of at least three different subject areas. Students may not duplicate existing majors from any academic area. An important standard for entrance to the Letters, Arts, and Sciences major is the student's ability to design a program with academic integrity worthy of a bachelor of arts degree.*

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

Westmoreland County Community College Associate in Nursing (AAS) – Registered Nurse Program Penn State RN to Baccalaureate in Nursing

The B.S. Nursing degree is designed for Registered Nurses with an Associate degree in Nursing who wish to complete a baccalaureate degree in Nursing. The evaluation of prior college courses not appearing below is done on an individual basis by the Penn State Admissions Office. Students should work closely with their academic adviser at WCCC and with the Penn State Admission office when scheduling courses.

Delivered by the College of Nursing at Penn State Shenango and World Campus.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The Nursing major at Penn State includes two courses that fulfill the US and IL requirements. In addition, the two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study

** Entry to the Social Work major requires: the completion of the following four entry-to-major courses with a C or higher grade: [SOCW 195](#), [SOCW 205](#), [SOCW 215](#), [SOCW 290](#), a cumulative grade point average of 2.0 or higher and a minimum of 29.1 credits. Transfer students who transfer without the entry requirements can begin in pre-major status.*

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time she/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

General Education at Penn State
Notes for Transferring Students
Effective Summer 2023

Many classes you complete at your community college will transfer to Penn State as general education requirements. In addition to the information shared below, you can learn more about these requirements at [General Education | Penn State \(psu.edu\)](https://www.psu.edu/general-education).

The list of courses on the following page provides courses at your community college that meet Penn State general education requirements as of the publication date of this agreement. Please refer to Penn State's transfer tool at [Transferring Credits Tool - Undergraduate Admissions \(psu.edu\)](https://www.psu.edu/transferring-credits) for the most up-to-date list of courses that are equivalent to PSU general education courses.

Some PSU majors require specific courses that meet both major and general education requirements. Please consult the program-to-program guide for your intended major.

Below you will find the standard 45 credit general education program. **Please consult the Penn State campus where you plan to enroll with specific questions.**

Foundation Courses - Build a basis of effective communication and quantitative literacy		
15 credits required		
	Credits	Additional Information
Writing and speaking (GWS)	9	
Quantification (GQ)	6	3 to 6 credits are selected from math, applied mathematics, and statistics; a maximum of 3 credits may be selected from computer science or symbolic logic.
Knowledge Domain Breadth – Practice applying a specific way of constructing knowledge to examine a topic.		
15 credits required		
	Credits	Additional Information
Health and Wellness (GHW)	3	Penn State requires at least 3 credits of Single Domain (not Inter-domain) coursework in each of the Knowledge Domains (GA, GH, GHW, GN, GS).
Natural Sciences (GN)	3	
Arts (GA)	3	
Humanities (GH)	3	
Social and Behavioral Studies (GS)	3	
Integrative Studies- Practice synthesizing knowledge from different perspectives to examine a topic.		
6 credits required		
	Credits	Additional Information
Inter-domain courses (Inter-D). These courses typically have a N or Q after the PSU course number.	6	If you are unable to schedule courses that transfer as Integrative Studies Courses , you are advised to delay scheduling six (6) credits until you transfer to PSU.
Exploration - Follow intellectual curiosity to deepen or widen learning		
9 credits required		
	Credits	Additional Information
Additional GA, GH, GN, GS, and Inter-domain courses.	9	Must include 3 credits of GN course which may be Inter-domain. May include 3 credits of World Language at the 12 th credit level (e.g., SPAN 3 equiv.)

Office of the Vice President for Commonwealth Campuses_10_23

General Education Equivalencies

The following Westmoreland CCC courses will meet PSU General Education requirements. Students should consult the program-to-program guides above when selecting general education courses and are advised to consult with PSU Undergraduate Admissions staff with questions. Additional Westmoreland CC courses may satisfy PSU General Education courses upon submission of syllabi by the student and review and approval by PSU.

Westmoreland County Community College			Penn State University, University College
